# The Reventino Primary Health Care's Unity Complex : The use of Telemedicine

The Reventino Primary Health Care's Unity Complex makes extensive use of telemedicine. This practice, especially in cardiology helps to reduce waiting times for immediate ECG, pressure holter 24H and dynamic holter max 48/72 H.

In the future it is also planned an implementation of telemedicine for medical imaging and for remote assistance. Teleconsultation is already operating.
